Result of the Selection 2nd Semester 2024 (Ph.D)

Graduate Program in Applied Mathematics – IMECC/Unicamp

Disclosure: June 25, 2024

Attention and Disclaimer: As stated in the CPPGMA/IMECC document, No. 01/2024 (https://www.ime.unicamp.br/sites/default/files/inline/216/publicado_editalmatematicaaplicada2s-2024-english.pdf), it is worth noting the corresponding item 1.2.1.1 regarding official documentation proof of graduate completion:

*a) students completing a master's degree, accepted for the Doctorate course at PPGMA, **and who will not compete for an institutional scholarship, must defend their dissertations at most on the last business day of August, 2024.***

*b) students completing a master's degree, accepted for the Doctorate course at PPGMA, and **still considered on the classification list to receive an institutional scholarship**, in view of their performance in the Admission and Classification Exam, must defend their respective master's theses **until at most the last business day of July, 2024**, presenting all expected documentation. Students classified in item b) and who do not meet this requirement will no longer be considered in the classification to receive an institutional scholarship and will be removed from the aforementioned list, a situation that can not be reversed, however they may be considered for entry into the PPGMA under the same criteria and terms as in item 1.3.1 letter a).*
